

Dear **Student**,

Greetings in St. La Salle!

De La Salle University – Dasmariñas (DLSU-D) is committed to supporting the government's initiative for a drug-free nation. In line with this, the University has developed the “DLSU-D Drug-Free Campus Guidelines for Students (DFCGS),” which was approved by the Academic Council on March 27, 2019. These guidelines are also in compliance with CHED Memorandum Order (CMO) No. 18 Series of 2018, also known as the “The Implementing Guidelines for the Conduct of Drug Testing of Students in All Higher Education Institutions (HEIs)”.

According to the DFCGS, the university will conduct an Annual Mandatory Random Drug Testing (AMRDT) for upperclassmen to determine the prevalence of drug use among students and to provide appropriate interventions for those who test positive for drug use. The AMRDT may be conducted at any time during the school year and is separate from the random drug testing conducted by the government under Article III Section C of RA 9165, also known as the Comprehensive Dangerous Drugs Act of 2002.

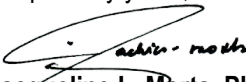

In view of the foregoing, please be informed that you are required to undergo drug testing if you are randomly selected. You are also expected to be present at the date and time of your scheduled drug test. Failure to appear on your drug testing schedule will require you to pay the fee for the drug test. Refusal to undergo drug testing upon selection will result in non-readmission in the succeeding semester.

Rest assured that the University will not publish or post results, whether they are positive or negative. Additionally, positive results will be handled with utmost care and confidentiality and will not be used in any disciplinary or criminal proceedings.

Please complete the form below and submit the printed copy through your respective block representative on or before October 2, 2024 (Wednesday).

Thank you for your cooperation in making our university drug-free.

Respectfully yours,

Jacqueline L. Morta, PhD
Dean, Office of Student Services
